NOTES:

1 NS Max Days

These will be run at each end of the State and are intended to be a regional event. The aim each day is to have the maximum number of local boats participating as possible, encourage new sailors to the class, share tuning and other ideas and generally promote the class. Number of races and format to be decided by the local sailors at the venue. These days are not a series and sailors are not expected to travel to the other end of the State to compete (although they are welcome to do so).

2 Statewide Traveller Series

This will be conducted over the two events being the MPYC Regatta in early December and the PDYC Blockbuster Weekend in February. Scoring system TBC based on participation at both events.
